Hello,

I'm reaching out to learn more about Evtly and how your platform could work for our location in Anahola, Hawaii. We are interested in creating a more streamlined, easy to use online booking system for events and reservations.

I would like to schedule a tutorial or demo to better understand how the platform works, pricing options, setup process, and what features are available for new members.

Please send over any additional information you may have. Email is the best way to reach me, but I can also be contacted by phone.

Phone: 907-947-7885

Email: [ikaika@hawaiianhomesteads.org](mailto:ikaika@hawaiianhomesteads.org)

Thank you and I look forward to hearing from you.

Garrett Danner
